New Date for the San Antonio Prise Contest. At the suggestion of Capt. Edgar A. Shilling of the Morton Cadets, the management of the San Antonio interstate drill, announced to occur in San Antonio, June 28 to July 5 next, has concluded to postpone the drill, the new dates being July 17 to July 25, inclusive. Capt. Shilling was so informed today by wire. In making the suggestion referred to, he explained that the close proximity of the dates of the encampment of the District National Guard and those set for the San Antonio compe

tition would render the attendance of any company from Washington difficult, if no mpossible.
The Morton Cadets had intended to commence drilling for the championship con-test Wednesday next, but in view of the change of dates will not knuckle down to

Eight-Hour Movement. President Samuel Gompers of the American Federation of Labor has started on a tour of the state of New York in the interest of the organization of which he is the head, the especial object of the journey at this time being to lecture before trades union organizations on the advantages to be secured by the general observance of an eight-hour work day. During his ab-sence from the city Mr. Gompers will speak in a number of cities and towns on that

topic.

Reports received at the headquarters of the A. F. of L. show that the eight-hour movement is making as rapid progress as could reasonably be expected. Among those who have already indorsed the plan those who have already indorsed the plan are the cigar makers, carriage makers, electrical workers, coopers, carpenters and joiners, boiler makers, bookbinders, brewers, Boot and Shoe Union, quarrymen, street railway employes, spinners, Seamen's Union, tailors, tobacco workers, textile workers, glass workers, stonecutters, horseshoers, hatters, iron and steel workers, notel and restaurant employes and many snoers, natters, from and steel workers, notel and restaurant employees and many others, while the only prominent organizations which are still holding out are bricklayers, plumbers and the various rall-way brothernoods, none of which have as yet taken action either for or against the question.

THE WORLD OF SOCIETY DOGS WOULD FIGHT

WILL ANY KIND PERSON WHO SAW MR. WM. E. Prall, jr., in the act of shooting my Great Dane dog from the bay-window beloony of the Hotel Arno, Sunday afternoon at 2 o'clock, generously communicate with me, and I shall be most happy to reward them most liberally for any trouble they might be put to for testifying. G. A. ERNI, 1329 12th st. n.w.

The foregoing, which appeared under the Personal" head in the advertising columns of The Star, attracted widespread attention and caused deep curiosity. It covered a story, too, of no little interest, the seque of which will be proceedings, prosecuted with unremitting vigor, in the Police Court.

Mr. Gustav Adolph Erni of 1329 12th street, who inserted the "Personal," is a nember of a prominent family, his father for years being United States consul to an important diplomatic post in Europe. Mr. William E. Prail, jr., who is accused of shooting Mr Erni's great Dane, "Olaf," is a first cousin of Mr. Erni. In his apartments last evening, with "Olaf" stretched on a mattress at his feet, the dog's neck swathed in bandages and resting on a pillow, Mr. Erni related the occurrence to a Star reporter, the recital being punctured at intervals by piteous moans from ine animal, suffering from an alleged dangerous bullet wound.

gerous bullet wound.

"It has been my custom," said Mr. Erni,
"to take Olaf out each evening for exercise, usually going to the residence of my
aunt on 16th street, adjoining the Hotel
Arno. Sine is related also to Mr. Prail.
My aunt owns a little white dog, and he
and Olaf are the best of friends, and I have
been in the habit of taking them out together for a walk. Mr. Prail is the possessor of a mongrel bull terrier that attacks almost every dog and bicyclist that
passes the hotel. Several times when I
have called at the residence of my aunt
this bull terrier has attempted to engage
in a fight with Olaf, the latter being one
of the best-natured animals that ever lived, in a fight with Olaf, the latter being one of the best-natured animals that ever lived, and I had to separate them. Sunday afternoon about 2 o'clock Olaf and the little white dog were playing in front of my aunt's house, when the buil terrier rushed out and selzed Olaf by the throat. The little dog bit at the heels of the terrier. I was about to separate the dogs when I realized that when that was done the terrier would probably turn on the little felrealized that when that was done the terrier would probably turn on the little fellow and kill him. I therefore picked up the little dog, opened the front door and placed him inside the house. While my back was turned Mr. Prail, from a balcony fronting his apartment in the hotel, fired a parlor rifle, the ball taking effect in the neck of Olaf. Mr. Prail is an expert marksman. When struck my dog acted as though insane. He finally fell to the ground and the terrier proceeded to mangle his throat.

"It called a physician, had Olaf brought home and he is now under treatment of a veterinary surgeon," continued Mr. Erni. "It is extremely doubtful whether or not he will survive."

According to Mr. Erni, Mr. Malcolm G.

According to Mr. Erni, Mr. Malcolm G. Bruce of 917 16th street, saw somebody crawl out on the balcony of the hotel, move aside some potted plants, deliberately take alm and fire at Olaf. He will so testify.

Mr. Erni is a member of the Humane
Society. Humane Officer Rabbitt, however,
has taken the active steps in the matter, and

in the Police Court today an information was filed charging that "on the 2d day of May Mr. Prall did cruelly torture and orment and cruelly shoot a certain animal of the dog kind."

Mr. Prail is sick in bed and was unable to appear today. He posted \$20 collateral, and hearing of the case was continued until next Wednesday. It is stated that he will also be charged with discharging a firearm in the street, and, furthermore, with keep
